

Great day

Put your best smile on your face
Stand up tall, move into space
Everybody touch their nose and then their toes and stretch up
to the sky
Now were gonna stamp our feet, click to the beat
then reach our arms up high

(Chorus)

It's gonna be a great, great day
It's gonna be a great, great day
I'm bursting with ama-zing en-er-gy
I'm gonna try my ve-ry best
I'm gonna try my ve-ry best
I'm bursting with ama-zing en-er-gy

Shrug your shoulders up and down
Clap your hands and turn around
Now were going to say good morning to our neighbour
Turn and shake their hand
Everybody give the thumbs up, A – O K
That this day will be grand

(Chorus)

It's gonna be a great, great day
It's gonna be a great, great day
I'm bursting with a-ma-zing en-er-gy
I'm gonna try my ve-ry best
I'm gonna try my ve-ry best
I'm bursting with a-ma-zing en-er-gy
